

Hosted Office

Hosted Services

Hosted Office is an online platform for Office applications. Access to the terminal server is via a direct VPN link from firewall to firewall or via SSL/VPN using the internet browser

Hosted Services

Standard programs:

- **Office Professional 2010**
- **Visio 2010**
- **Acrobat Reader**
- **PDF Exchange (PDF creation)**
- **Paint Shop Pro**
- **1 e-mail account with web-access**

Data is backed up daily from 22h00 onwards, Monday to Friday. The Friday backup remains accessible up to a month in arrears. The terminal server offers the following programs as standard: Office 2010 Professional, Visio 2010, Acrobat Reader, PDF Exchange (for creating PDFs), PaintShop Pro and one e-mail mailbox with Outlook WEB access.

A dedicated server is available for client programs with databases: this has an additional hard drive for program and data storage. Client applications with SQL databases can use our dedicated Microsoft SQL server 2008.

Hosted Services

The one-off set-up charge for a standard user including security privileges is CHF 100. The installation of additional client applications is charged on a time and material basis.
