We are hosting your website, and now you would like us to make some changes. Our flat-rate packages help you manage the budget. We take care of the design and modifications. The service we provide is ideal for SMEs' websites or those of clubs and associations.

You can send us the changes in an MS Word document – or simply call us. If you want to incorporate or change pictures, these should ideally be in JPG format. We will make the necessary changes within a week.
